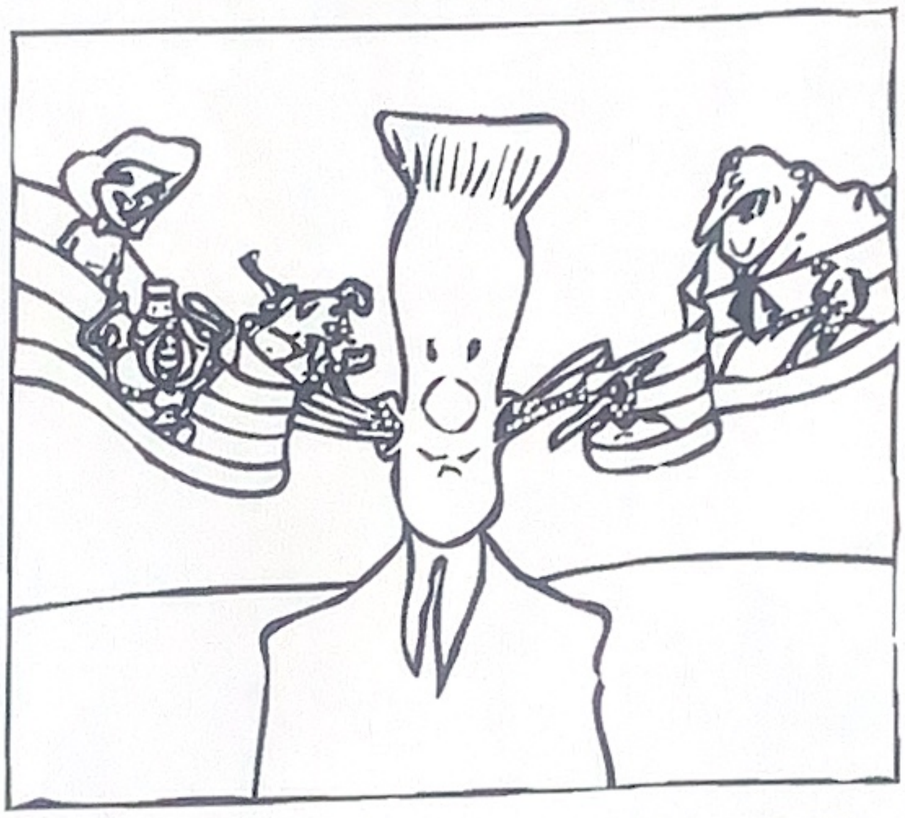
Thanks, Bill



ASIFA-East would like to extend thanks to

Bill Plympton

and October Films for their generous World Premiere Benefit Screening of The Tune.

On October 31, 1992, the premiere screening of **The Tune** was held to benefit **ASIFA-East**. When the final tally came in, the benefit screening had raised more money for **ASIFA-East** than any other single event in our organization's history. Thanks, Bill.

CD's or cassettes of **The Tune** soundtrack, featuring the music of Maureen McElheron, are available on the *Newport Classics* label at most record stores.

Plymptoons, The complete works of Bill Plympton, is available in VHS format at any decent video dealer near you.

Bill Plympton's work can be seen regularly on the Fox Television series **The Edge**, and Bill's new feature, **J. Lyle**, is currently in production.
